Mylene Thomas  
FADesign Build  
9979 Main Street  
Fairfax, VA 22032

Dear Ms. Thomas

As you requested, I am writing to tell you about my experience with FADesign Build who did a complete renovation of my kitchen and master bathroom this past summer. FADesign Build completely redesigned and remodeled my kitchen and master bathroom which included the demolition of kitchen walls, bath and utility cabinets and countertop, removal of old appliances and installation of new ones. They took care of all the plumbing, electrical work, and inspections, installation of new countertops, new flooring, and painting, new lights and fixtures.

Everything was done in a professional and timely manner. Their talented and professional designer, Jessica Cannon, was especially helpful in assisting me every step of the way in selecting the cabinet granite, hardwood floors, bathroom shower tile colors and designs, light fixtures, bathroom fixtures, sinks, faucets, kitchen and bathroom paint colors.

I am completely satisfied with my new kitchen and master bathroom. I would recommend FADesign anyone who is in the market for renovating or remodeling.

Sincerely,

Juanita P. Stokes
