Mylene Thomas
FADesign Build
9979 Main Street
Fairfax, VA 22032

Dear Ms. Thomas:

I am writing in response to your request for a letter of reference for FADesign Build. FADesign Build undertook an extensive remodeling effort at my 30-year old townhouse in Arlington, Fall 2010. The project involved a complete reconstruction of my kitchen, including removal of a wall, cabinet and granite counter-top installation, appliance replacement, electrical and plumbing work, complete upgrade of powder room off the kitchen, refinishing existing hard wood floors throughout the second story of my house, and a seamless integration of same with a new hard-wood kitchen floor. In addition, they managed to reclaim almost all my old kitchen cabinets to provide additional storage in my garage. During the course of the project, they were diligent in securing appropriate county inspections.

I worked closely with the designer, project manager, and staff before and throughout the project. They were responsive to my concerns and suggestions, and diplomatically provided the advice needed to steer me, at some points, in more appropriate directions. FADesign Build staff were highly professional, responsible, and responsive. I would recommend the company for any project.

Sincerely,

Jean. E. Vanski
